Description

TMB Diamond is engaged in the production and distribution of products for ecological nutrition and plant protection. We especially highlight the ZEOMIN and Zeo Pullus 2015, unique organic products on the Serbian and European markets. In our offer there are also imported liquid fertilizers, Omex from England and Servalesa from Spain. Products Omex and Servalesa are registered in Europe for organic production and TMB Diamond has exclusive sales rights for the market of Balkans and central Europe. The main advantages of our products are innovative technology that allows organic fertilization and plant protection in organic production as well as the rehabilitation of land threatened by improper application of agrochemicals and plant nutrition during rehabilitation.
